SUMMARY

Frontend Developer with over a year of experience building responsive websites and web applications using React.js, JavaScript, HTML, CSS, Bootstrap, and Tailwind CSS. I've worked on multiple business and corporate websites, focusing on clean UI, page speed, and SEO friendly frontend structure. Currently also getting hands-on with PHP through an internship. I like picking up new tools and figuring out better ways to build fast, usable interfaces.

TECHNICAL SKILLS

Languages: JavaScript, HTML, CSS, PHP (basic)

Frameworks & Libraries: React.js, Bootstrap, Tailwind CSS

Other: Responsive Web Design, SEO Friendly Development

Concepts: Component-Based Architecture, Website Performance Optimization

EXPERIENCE

Frontend Developer Intern (PHP)

April 2026 – Present

LegalRaasta

Delhi, India

- Working on the frontend of the Cloud Gateway website, using PHP for templating along with HTML, CSS, and JavaScript
- Fixing UI issues and making pages responsive across screen sizes
- Learning how PHP connects with the frontend in a real, live project setup

Frontend Developer

August 2024 – March 2026

Sequence Cloud Gateway

Delhi, India

- Building responsive web interfaces with React.js, JavaScript, HTML, CSS, Bootstrap, and Tailwind CSS
- Creating reusable components to keep the codebase easier to maintain and update
- Working on page speed and general performance across desktop and mobile
- Writing SEO friendly frontend code – proper tags, structure, and page hierarchy
- Worked on websites for Cloud Gateway, SDGM Technologies, RCS Brand Rise, and Brand Smash Zone

Web Development Intern

May 2024 – July 2024

Delhi School of Skill Development

Delhi, India

- Built responsive web pages using HTML, CSS, JavaScript, and React.js
- Tested and fixed cross-browser issues
- Helped debug and maintain a few existing websites

Team Manager

April 2020 – April 2021

Kanjhawla Court

New Delhi, India

- Managed day-to-day team operations and coordinated work schedules
